Motion No. 272.

SRIMATHY T. NARAYANI AMMA: Sir, I move that Rs. 5 may be reduced from the allotment of Rs. 1,200 for allowance to the officer in charge—to urge the introduction of further improvements in the arrangements for the hostel accommodation of women students belonging to the backward communities.

Sir, let me at the outset express my appreciation of the very good work that the Department is now doing, but even better work is necessary in order to give all possible encouragement to women students belonging to the backward communities. I know that there are some girl students who are put to very great difficulties on account of not getting hostel accommodation. It will even hamper their further studies. It is highly necessary therefore that all possible arrangements should be made to give accommodation for women students belonging to the backward communities. It is for the purpose of urging the introduction of further improvements in the matter that I have tabled this motion.
